

**Department of German and Scandinavian Requirements for the**

**MAJOR IN SCANDINAVIAN  
Bachelor of Arts or Bachelor of Science**

**The Scandinavian Major Requires:**

1. Second-Year Swedish (SWED 201-203), or the equivalent (12 credits).
2. One topical upper-division course from a related field, advisor approved (4 credits).
3. Eight Scandinavian literature or culture courses (32 credits).
4. Of the requirements listed above, the following rules apply:
  - Three courses must be taken at the UO Department of German and Scandinavian
  - One literature or culture course may be taken pass/no pass

Majors in Scandinavian must be proficient in Swedish at the third-year level, demonstrated either by evaluation by the Scandinavian advisor or by successful completion of work beyond Second-Year Swedish (SWED 203). Typically, this will occur through independent study in Reading and Conference: [Topic] (SWED 405), work with supplementary texts in advanced Swedish as extra requirements in the department's Scandinavian courses, and/or through study abroad in Scandinavia. Students should plan their course work carefully in consultation with a departmental undergraduate advisor in Scandinavian. They may also satisfy this requirement in Danish or Norwegian.

The department does not accept a grade of C- or lower in any course used to fulfill requirements for a major in Scandinavian.

Specific questions about the Scandinavian major should be addressed to departmental undergraduate advisors in Scandinavian.

**Scandinavian Advisor:**

Michael Stern
